To whom it may concern,

I was excited to see your listing for the City Manager position on the ICMA website. As a dynamic City Manager/Administrator with over thirty years of professional experience in the public sector, including eighteen in local government management, I am confident that I would be a valuable asset to your community.

Your job listing mentions a need for someone with a broad range of knowledge of local government and city management, which are areas that I have extensive experience in. I was most recently employed at the City of Fitchburg, Wisconsin, where I honed my skills in local government management. While employed there, I successfully managed a balanced budget while playing an active role in growing the equalized value of the community through various economic development initiatives. The City of Fitchburg is the one of the fastest growing communities in Wisconsin and is also the most diverse.

I am confident that my proven track record of excellent work ethic, unparalleled attention to detail, and knack for team building will allow me to contribute to the team's success in the City of Palm Coast.

I look forward to discussing the City Manager position and my qualifications with you in more detail. I am available to talk at your earliest convenience.

Thank you for your time and consideration.

Sincerely,

*Patrick S. Marsh*
